SUMMARY

Motivated Computer Science student and full-stack developer with hands-on experience building web applications and competing in high-intensity programming tournaments. Proven track record in rapid software development, problem-solving, and leading technical and creative teams.

EDUCATION

Quezon City University <i>Bachelor of Science in Computer Science</i>	Quezon City, PH <i>August 2026 – Est. July 2030</i>
STI College Fairview <i>Information and Communications Technology</i>	Quezon City, PH <i>August 2024 – July 2026</i>

EXPERIENCE

Competitive Programmer & Lead Developer <i>Tagisan ng Talino Codefest</i>	2025 – 2026 <i>Quezon City, PH</i>
- Secured 2nd Runner-Up (2026) and 1st Runner-Up (2025) in an inter-campus algorithm and rapid software development tournament - Engineered functional software solutions using Java and C# to solve complex algorithmic problem sets under strict time constraints - Optimized program execution time, debugged logical syntax, and applied standard software design patterns under pressure	
Lead Full-Stack Developer & Technical Presenter <i>STI College Fairview Expo</i>	2026 <i>Quezon City, PH</i>
- Awarded Best Programmer and 3rd Best Presenter for technical system design and live presentation delivery - Managed project architecture, live code demonstrations, and booth coordination for panel evaluation	

PROJECTS

eTickette Platform (github.com/wwwwwis/etickette) <i>HTML, CSS, JavaScript</i>	2026
- Architected and deployed a full-stack web application for event ticketing, access control, and user management - Won Best Application, Best Capstone Project, 2nd Best Tech Innovation, and People’s Choice Award at STI Expo - Implemented ticket validation workflows and debugged rendering issues with QR code user interfaces to ensure seamless check-ins	
Digital Ad Campaign <i>Video Editing, Scriptwriting</i>	2025
- Directed and scripted a digital advertisement campaign, achieving 1st Place (Champion) - Managed production timelines, video editing workflows in CapCut, and coordinated post-production execution	

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, Java, C#, Lua
Frontend: React, Tailwind CSS, HTML5, CSS3, Vite, Framer Motion
Backend: Node.js, Express, MongoDB, Firebase, Supabase
Deployment & Tools: Vercel, Docker, AWS, Git, GitHub
